A MESSAGE FROM THE DISTRICT MANAGER AND UNION LEADERS

April 9, 2020

Form the habit: Wear a face mask at all times

During this challenging time, employees across the district are continuing to work hard to make sure customers receive essential items. We're proud of your efforts, and we know our customers appreciate everything you do for them. While you continue to rise to this unprecedented challenge, we're asking you to take preventative measures so you can stay healthy. One of those measures is wearing a face mask.

The Centers for Disease Control and Prevention (CDC) recently issued guidance on wearing cloth face coverings. The CDC recommends everyone wear cloth face coverings in public settings and where other social distancing measures are difficult to maintain. COVID-19 can spread between people interacting in close proximity, and face coverings can help prevent the spread of the virus.

We strongly encourage you to follow the CDC's recommendation by wearing a face covering while on duty when reasonable to do so. Whether you're on the workroom floor, dock, breakroom, interacting with customers, or delivering mail, keep your face mask over your nose and mouth. When you wear a face covering, and also practice social distancing guidelines (6 feet apart from others), you'll help keep yourself and those around you safe. Ask your supervisor or manager for a face mask, or bring your own for use while on duty.

Thank you for your commitment to safety and for helping our nation receive the essential items they need.

John DiPeri
District Manager
Arizona/New Mexico

Marty Chavez
Senior Plant Manager
Arizona/New Mexico
